

Schoolgirls From Great Britain Given Welcome to Victoria

Sixty-Five British Youngsters Arrive for Five-Day Stay in City—Are Delighted With Canadian Tour and Reception

THRILLED with the reception they have been given across Canada, and excited over the prospect of spending five days in the most Western capital of the British Empire, sixty-five vivacious young English girls arrived in the city yesterday afternoon.

They are a party of "teen age" youngsters from English girls' schools, who are touring the Dominion as guests of the National Council of Education.

The girls, attractively garbed in red blazers and white skirts, made a bright spectacle as they trooped off the Princess Margaret, and proceeded to the main entrance of the Legislative Buildings for an official reception. Hon. Dr. G. M. Weir, Minister of Education, extended a warm welcome to them on behalf of the Provincial Government, and Albert Sullivan, chairman of the local committee of the National Council of Education, gave a greeting to the youngsters from their Victoria hosts.

Mrs. A. M. de Putron, English educationalist, who heads the party, replied to the messages of welcome for the visitors, saying that everywhere in Canada they had been accorded most gracious greetings.

BIT OF OLD ENGLAND

"At almost every city we stopped at on the way across the continent we were told that we should find Victoria, the most western point of the British Empire, a typical bit of Old England," Mrs. de Putron said. "We are anxious to find out if it is really so. I do not think we are going to be disappointed."

Questioned how they had enjoyed their trip, several of the girls answered with a single voice: "Marvellous." "That's what we always seem to say," one school girl commented. "But really there's no other word to describe it. It's been a wonderful trip."

"Everybody has been extremely kind to us," said pretty, blonde Mavis Odium, who is the only one of the sixty-five girls from the Irish Free State. "We have been having a grand time and know we're going to enjoy being in Victoria."

DAUGHTER OF EIRE

Despite her descent, Miss Odium has none of the Irish brogue, but rather a most charming English accent. She explains that she has been attending a school in Northamptonshire preparatory to studying modern languages abroad. But she is a true and loyal daughter of Eire, nevertheless. Asked if she knew that President Eamon de Valera was possibly coming to Victoria in October, she said: "How interesting! I haven't met him personally, but friends of mine who have told me that he is a very interesting man."

SCOPE OF TREATIES

German official sources were emphatic in stating all non-aggression pacts which Germany signs are of a nature that they are not directed against third parties. They left unanswered the question, however, whether a non-aggression pact may not ripen later into something closer, such as an alliance.

The mere fact of the agreement in principle on concluding a non-aggression agreement was regarded in German eyes as sufficient to do the following:

1. Make the Poles reconsider their unending attitude.

2. Cause the British and French to think twice before following through their pledge to aid Poland.

Lily Has Many Blooms

Bearing more than ten times the number usual in this variety of lily, the plant pictured above, grown by Frederick Taylor in his garden at 1631 Pinewood Avenue, has 125 blooms. A few days before the photograph was taken, Mr. Taylor counted over 150 blooms on the one stalk. Of the Lillian Henri variety, this lily grows to a height of about five feet, and seldom has more than ten blooms on one stalk.

It she considers her independence.

3. Put a wholesome fear into Rumania, whose attitude has lately been called "strange" in the German press.

4. Keep Japan guessing. Japan is a member of the Anti-Comintern Pact to which the Rome-Berlin axis has subscribed.

5. Prepare the German public for the necessity of an about-face in its estimate of Soviet Russia.

Until the pact is actually signed, nobody in authority was willing to discuss either the history of the negotiations or the belief that Von Ribbentrop would be back in Germany on Friday with the pact formally signed.

Germany meanwhile expressed the view Adolf Hitler was in a position to bring a decisive turn on Nazi demands for the return of the Free City of Danzig and territorial concessions from Poland.

It was in this connection that Germans said they felt Hitler would have his will without disturbing Europe's peace.

At the same time there were rumors Hitler was about to dispatch a special message giving Germany's conception of an ordered world peace to all Governments of the world. This rumor could not be verified.

PEACE OF EUROPE

MOSCOW, Aug. 22 (AP).—Official Soviet quarters tonight formed the proposed non-aggression pact with Germany an important step toward securing the peace of Europe, and contended it in no way blocked the alliance now under discussion here among Great Britain, France and Russia.

The military staff talks among the three, however, were interrupted as the Soviets prepared to receive Joachim von Ribbentrop, the German Foreign Minister, tomorrow.

His visit will be the first here by a high Nazi official.

The French and British missions conferred on the situation while awaiting instructions from home, which some diplomatic circles here predicted might be to pack and leave.

These quarters held the view the British and French could not remain idle while Russia and Germany, hitherto ideological enemies, consummated a vast shakeup in the European balance of power.

Soviet quarters, however, insisted emphatically the non-aggression agreement with Germany was entirely unrelated of any alliance that might be worked out with Britain and France, and that the two proposed treaties were definitely compatible.

ITALIAN VIEWPOINT

ROME, Aug. 22 (AP).—A Soviet Russian non-aggression pact with Germany would not necessarily exclude Russia from joining an alliance with Great Britain and France, an informed observer said tonight.

The pact, this informant said, will contain a clause providing for its denunciation in event either

party commits an act of aggression against a third.

"(This would mean that if Germany attacked Poland, Russia could release herself from the pledge to remain neutral, and Russia might even join Britain and France in protecting Poland against invasion by Germany.)"

The other principal clauses, according to this source, will consist of a pledge to obtain from aggression against one another, and a provision one shall remain neutral in case the other is attacked by a third party.

Fascists, however, welcomed the treaty as marking collapse of "encirclement," their description of the policy of the British-French front.

The authoritative editor, Virginio Gayda, writing in *Il Giornale d'Italia*, insisted the event which astonished most diplomats "was no surprise for us."

He recalled Italy had concluded a treaty of friendship and non-aggression with Moscow in 1933, that this treaty was reinforced last February by a new economic agreement, and that Italy recently built for Russia the world's fastest naval cruiser.

SAYS CHINESE EMBRACE FAITH

Bishop Paul Yu Pin Declares War Resulting in More Conversions

The conflict between China and Japan has resulted in an even larger number of conversions to the Catholic faith than formerly, His Excellency Paul Yu Pin, Vicar Apostolic of Nanking and Bishop of Sozua, said on his arrival in Victoria yesterday.

He declared that the people of China are ready to receive the faith, but there are not enough missionaries to instruct them in the Catholic beliefs. This feeling is due to the fact that charitable actions of the religious have brought the masses of the people to respect them and their teachings more.

Bishop Yu Pin said his mission to this continent was to thank Canadian and United States contributors for their interest in war refugees and the suffering people of China. He felt Canada's contribution of missionary priests was of even more importance than material assistance.

Two Canadian missions, one at Sochow, operated by the Jesuit Fathers, and the other at Chuchow, owned by the Foreign Mission Society of Toronto, are making great strides among the Chinese heathens, the bishop added.

CHURCHES DESTROYED

His Excellency said that at least half of the twelve principal churches in his diocese of Nanking, now in Japanese hands, have been destroyed since the outbreak of the war. In this diocese, he said, there are twenty-four French, American and Italian priests, to minister to the 40,000 Catholics. The whole diocese, however, contains 7,000,000 persons.

The Chinese are afraid of the Japanese immorality, and 6,000,000 of them have left for the Western provinces, he said. Japan is doomed to failure, the bishop added, for desecrating the family life of the Chinese, who will never forget this injury.

Many Catholic missionaries have been killed by the invaders, on one occasion eighty priests and a bishop being burned alive, Bishop Yu Pin declared.

He will leave the city today for Seattle, en route to San Francisco, from where he will start on another tour of the United States before returning home via Europe.

PREDICTS WAR WILL END SOON

Chinese Catholic Bishop Says National Government Position Stronger

Confidence that the war in China would be over within two or three years, with China eventually victorious, was expressed by Bishop Paul Yu Pin, special envoy of the Chinese National Government Relief Commission to Canada, at a well-attended meeting in the Chamber of Commerce auditorium last night.

Bishop Yu Pin stated that up to the present, developments in the Sino-Japanese struggle had been largely to the advantage of the Chinese National Government, headed by Generalissimo Chiang Kai-Shek, had predicted. Although on the surface it appeared that the Japanese had been steadily penetrating farther into China, without significant opposition, it was actually the case that the Japanese armies were now being held at a standstill, the speaker said. Though Japan had been winning the battles, she had not been winning the war, he declared.

CHANGED POLICY

The policy of the Chinese Government, Dr. Yu Pin stated, had been to offer resistance to the invading Japanese forces on as wide a front as possible in the first period of the war. This strategy had been changed as the war entered a new period, after the fall of Hankow, and the Government had given its main attention to the development and industrialization of the Western provinces, leaving it to guerrilla forces to harass the Japanese forces and prevent any major advance.

The wisdom of this plan was being shown at the present time, the speaker said. Japan was using up all her energies in holding the territory she had already seized, but could not advance farther westward without tremendous losses. Meanwhile, the Chinese Government's position was becoming stronger, as its forces became more thoroughly organized, and manufacturing of food and war materials in the Western provinces increased in volume.

Aid for the Chinese people was coming in constantly from democratic nations, Dr. Yu Pin stated, particularly from the United States and British Empire countries. Great Britain and America recognized that their interests as well as China's were at stake in the present struggle.

The meeting was held under the auspices of the Canadian Friends of the Chinese People. Capt. Elmore Philpott was chairman.

The commuter said he thought it was "serious." He added he might have to cancel his plans to start on a holiday next week-end. But it turned out he was more anxious over the threatened rail strike.

Steamship companies, however, reported a big increase in inquiries concerning trans-Atlantic sailings.

MRS. ISABELLA WELCH PASSES AT NANAIMO

NANAIMO, Aug. 23.—Mrs. Isabella Ann Welch, a resident of Nanaimo for twenty years, died Sunday following a long illness.

Born in Guelph, Ont., she came to Vancouver in 1894, where she took up residence before coming to Nanaimo.

She was chaplain of Nanaimo Maccabee Lodge for sixteen years, was awarded a veteran's jewel of the Rebekah Lodge, and gave outstanding service in the Daughters of the Empire during the Great War.

She is survived by her husband, A. G. Welch, formerly police commissioner here for sixteen years; two sons, Fred G. Welch, Vancouver, and Earl A. G. Welch, Leithbridge; one daughter, Mrs. J. W. Harrison, Drimheller, Alta., and eight grandchildren.

Funeral services were conducted by Rev. Mr. Reed, of the United Church, in Jenkins Chapel, yesterday afternoon at 2:30 o'clock. Interment was in the family plot, Nanaimo Cemetery.

UPPER CANADA OLD BOYS MEET

Preparatory School Headmaster Is Guest at Dinner in Empress Hotel

Alan Stephen, headmaster of Upper Canada College Preparatory School, who is spending his holidays on Vancouver Island, delivered a short address at a dinner meeting of the Old Boys of the school in the Empress Hotel last night.

He spoke of the work of the "Societe Visites Internationales," which has as its object the exchanging of students between French and English-speaking Canada, during the Summer holidays, in the interest of promoting a more national spirit.

The society was started three years ago by James Biggar, of Upper Canada College, but students from all parts of Canada are thought to avail themselves of its privileges.

Four or five youths made the change in the first year, but this number has increased to 100 today, he said.

COLLEGE GUEST ROOM

Mr. Stephen also invited the Old Boys to stay at the college guest room when visiting in the East. He mentioned the facilities for physical education at the institution and referred to the recent development of the college's 500-acre estate at Norval, which provides opportunities for skating, scouting, nature study and country life.

With the assistance of the Ontario Department of Lands and Forests an extensive reforestation project has been started on the property.

After the address colored movies were shown illustrating, mainly, the life of boys in the preparatory school.

Old Boys who attended were W. H. Cayley, Los Angeles; H. M. S. Cotter, B. S. Darling, E. K. de Beck, R. P. Hinton, F. J. McIntosh, A. D. Morris, W. A. Patterson, Colonel

Eric Pepler, D.S.O.; G. Hamilton Harman, Hugh Peters, K. W. L. Scafe, F. E. W. Smith and Colonel A. W. R. Wilby, all of Victoria.

Chinese Bishop in City

His Excellency Paul Yu Pin, Vicar Apostolic of Nanking and Bishop of Soosai, is shown above being greeted by Rt. Rev. Mag. A. G. Baker, V.G., of St. Andrew's Cathedral, on his arrival in Victoria yesterday. Bishop Yu Pin is representing the Chinese National Government on the North American Continent in connection with war refugee work. He will leave the city today for Seattle on a second tour of the States before returning to the Orient.

Obituary

McNEILL—The death occurred in St. Joseph's Hospital on Monday of Angus McNeill, aged thirty-one years, a native of Scotland and a former resident of Vancouver. He is survived by a brother in Vancouver. The funeral will take place from the Thomson Funeral Home on Friday at 2 p.m. Rev. Canon S. J. Wickens will conduct the service, and interment will be in Colwood Burial Park.

BEVAN—The death occurred yesterday at the family residence, 2078 Penzance Road, Oak Bay, after a long illness, of William Bevan, aged seventy-seven years. A native of Scarborough, Yorkshire, Mr. Bevan came to Canada in 1904, and had been a resident of Victoria for the last twenty-five years. He is survived by his wife; one daughter, Mrs. Hilda Satterfield, at the family residence; and three sons: George Bevan, Edmonton; W. H. Bevan, North Vancouver, and Albert Bevan, Victoria; also six grandchildren, one brother and two sisters residing in England. Funeral arrangements will be announced later by the Thomson Funeral Company.

Fall Fair Entries Close September 2

Those intending to exhibit at the seventy-eighth annual Fall Fair of the British Columbia Agricultural Association were reminded yesterday that entries for the fair will close at 5 p.m. on September 2. Those wishing to avoid the last-minute rush were asked to mail their entries to the office at the Willows ground.

In order to accommodate those who cannot get their entries in early, the British Columbia Agricultural Association will open a downtown office in the Scollard Building on August 28. The office will be open daily until 5 p.m. The last day will be September 2. No entries will be accepted after 5 o'clock on that date.

Last year 17,000 entries were received for the Fall Fair, and judging from entries received to date, it is fully expected that last year's mark will be reached, and more than likely surpassed. The entries for livestock already have exceeded last year's total, Mr. Means announced.

HERCULES GROUP RECEIVES STUDY

Astronomical Society Summer Class Makes Annual Visit to Dominion Astrophysical Observatory

Seventy members of the Victoria Centre of the Royal Astronomical Society's Summer class made the trip out to the Dominion Astrophysical Observatory on Little Saanich Mountain Monday night, and were given an opportunity of studying the Great Cluster in Hercules through the observatory's seventy-two-inch telescope.

Dr. J. A. Pierce gave a brief explanation of the workings of the instrument, which is one of the largest and finest in the world, following which Dr. R. M. Petrie, Vice-president of the society, assisted by Walter Stillewell, took charge of the telescope demonstration.

Dr. Petrie explained that the Great Cluster in Hercules is composed of sixty or seventy thousand stars, and is about 35,000 light years distant from the earth. The largest stars seen through the telescope are 100 times dimmer than the faintest that can be perceived with the naked eye.

Following the demonstration with the large instrument, visitors studied Mars, Jupiter, the planetary nebula in Draco, and other celestial bodies through smaller telescopes belonging to members of the society. There was also an opportunity to observe a series of astronomical photographs, under the direction of Miss Phoebe Riddell, and to study the projection micrometer, used to determine the radial motion of a star.

WAS LONG TIME WITH CUSTOMS

Thomas Roberts, Resident Here for Half a Century, Dies in Ninetieth Year

LATE THOMAS ROBERTS

A familiar figure in Victoria for the last fifty years, Thomas Roberts, for a long period connected with the Customs Department in the Postoffice Building, passed away on Monday afternoon at the family residence, 403 Young Street, James Bay.

He was in excellent health until about a month ago, and only during the last few days had his condition become serious. Born at Kenbane, County Antrim, Ireland, on December 11, 1850, Mr. Roberts was the fourth son of Mr. and Mrs. William Llanibie Roberts, of Devonshire, and his early boyhood and young manhood were spent in Ireland. In 1869 he set sail for Canada in the Austrian, embarking at Londonderry, and arriving in Montreal on August 1 that year.

After a few months in Toronto, he went to Madoc, Ont., and still later lived for a time at Fort Francis, where he was agent for a transportation company.

JOINED SURVEY PARTY
In 1872 he joined a survey party organized for the purpose of surveying townships in Manitoba, and in the Fall of that year took up land in the St. Boniface area, with the idea of farming, a project which he soon afterwards abandoned to return to Ontario.

In 1878 he married Katherine, daughter of Mr. and Mrs. Alexander Cross, of Madoc. After eleven years in the East, they decided to come West with their young family, Mr.

Roberts preceding his wife and children, who joined him about a year after. He had lived in Victoria continuously since 1880, from that time until his retirement in 1921, being a member of the staff of the Customs office. As registrar of shipping, he enjoyed enviable popularity not only with his colleagues, but also with the public, and on his retirement, the former presented him with a handsome armchair as a token of their esteem.

All through his life he took a keen interest in sport, and as a member of the Victoria Lawn Bowling Club was a familiar figure on the green at Beacon Hill Park until he gave up playing three or four years ago. He also enjoyed hunting, fishing, and many other forms of outdoor life.

He was a member of the congregation of St. Andrew's Presbyterian Church, and the pastor, Rev. J. L. W. McLean, and Masonic Lodge, Victoria-Columbia No. 1, to which he belonged, will jointly conduct the funeral services to be held from Hayward's B.C. Funeral Chapel at 3:30 p.m. on Friday.

Mrs. Roberts died in 1921, but four sons and two daughters survive: William L., Alexander C. and Thomas D. Roberts, all of Victoria, and Alan K. Roberts, of Oakland, Cal.; Misses Jean Goodman Roberts and Kathleen Roberts at the family home; also three grandchildren, one in Oakland and two in Victoria.

DAMAGE ACTION MAY BE TAKEN

Notice Served on City by Solicitor On Behalf of Knowles Cartage Company

Possibility of an action for damages against the city arising out of the measles that followed the attempt to ship scrap iron, allegedly destined for Japan, on August 11 and 12, was seen in a letter received at the City Hall yesterday from Stuart Henderson, acting for Anthony Knowles.

On these dates Chinese picketers and white sympathizers allegedly stopped the Knowles truck from loading scrap iron at the wharf at the foot of Yates Street, and Mr. Henderson served notice that his clients, Anthony Knowles and the Knowles Cartage Company, would claim damages for the loss sustained by them on that occasion.

"The amount of damages cannot yet be given until the amount of repair and injury is ascertained. You will be advised of that this week, when a more formal demand will be made on you," the letter concluded.

"But why are you so sure your horse will win, son?" "Well, my dear, it will start at 20 to 1, I'm told, and the race isn't until 2 o'clock."

RETURN TO OTTAWA

OTTAWA, Aug. 22 (C.P.)—Accompanied by their sons, John and Allister Buchanan, the Governor-General and Lady Tweedsmuir arrived in Ottawa today following a stay at their summer home in Quebec and a tour of Western Canada.

AND NOW YOU KNOW

"Friend of the bridegroom?" asked the usher at the wedding. "Certainly not!" replied the dignified matron; "I'm the bride's mother."

PROTECT THE YOUTH OF OUR CITY!

VOTE "YES" FOR MODERATION

LET US CURB THE EVILS OF HARD LIQUOR

HARD Liquor . . . or beer, the beverage of MODERATION? Which do you want our young people to have? YOUR vote, tomorrow, will help to decide this issue.

Today, young people drive from one to six miles, or more, out of the city, to get their beer by the glass. Seldom does such a long drive justify a single glass only.

Think of the inadequate police protection . . . the poorly-lighted roads on the drive back . . . the inevitable accidents . . . the stops en route home, perhaps, for a swig of HARD Liquor.

Then think of these same young people with beer by the glass available in standard city hotels. It means adequate police protection and Government supervision . . . nearby homes and well-lighted streets by which to reach them . . . no hankering during a long drive home, for that final, devastating swig of HARD Liquor.

Vote "YES" tomorrow for the MODERATE consumption of the beverage of MODERATION . . . "YES" to banish the evils of hard liquor from the lives of our Victoria youth.

No need to think that you may suddenly find yourself next-door-neighbor to a "cheer-parlor." The Moderation League solemnly pledges to fight for the granting of not more than 7 or 8 licences . . . and these to STANDARD HOTELS, in the business section of the city . . . at all times under efficient supervision of

police and governmental inspectors.

Consider the dollars that will be spent to alter, improve and decorate these hotel premises . . . dollars in the pockets of carpenters, plumbers, electricians, architects, etc. And think, too, of a new hotel-

employee payroll, conservatively estimated in tens of thousands of dollars a year. *Jobs when jobs are sorely needed!*

Americans will consider us modern, up-to-date. So, too, will Up-Island and other Canadian visitors. Their favorable reports weigh tremendously in the progress of our tourist trade, our most impor-

tant single industry, which affects, directly or indirectly, every taxpayer, every pocketbook in the city.

Responsible and representative citizens comprise the Moderation-League. They believe in traditional British freedom. They believe that the workingman should have the same privileges as the wealthy clubman; that Britishers should not be deprived of constitutional British rights through prejudice; that beer by the glass means more jobs, more prosperity for Victoria; and, ABOVE ALL, that a few Government licensed and supervised, standard hotels, serving the beverage of MODERATION, will save our sons and daughters from the perils of HARD liquor and the menace that lurks in night driving over dark, poorly-lighted and inadequately-policed roadways.

Let us teach our youth, that when they do drink, they must drink sanely, MODERATELY. Vote "YES" for the welfare of Victoria youth.

Leading Issues At Higher Level On Wall Street

NEW YORK, Aug. 22 (AP).—Stock market traders today found bullish fuel in the latest German-Russian diplomatic shift and leading issues were bid up 1 to more than 3 points.

Stock prices, mixed at the opening, quickly put on a climbing burst as the view began to take hold in financial quarters that the new turn in power politics might bring a peaceable settlement of the threatening Danzig controversy and avert a general war which has seemed imminent during the past week or so.

Securities at London, Paris and Amsterdam, reflecting the shock of the Nazi announcement, fell sharply in the morning, many to new pre-war levels. While all these centres finished under water, steady support came in at the last. The Berlin Bourse was strong throughout.

On the home front considerable short covering and buying for a "quick turn," both here and from abroad, served to give the market a boom-like appearance in the first hour. Virtually all stock groups participated in the recovery push as blocks of 1,000 to 3,500 shares changed hands. Profit-taking then intervened and the pace slowed. Activity was comparatively small during the remainder of the session and prices ended under the tops in most cases.

The Associated Press average of sixty laster was up 8 of a point at 46.8, breaking five consecutive days' declines. Transfers for the five hours amounted to 861,640 shares against 848,830 the day before.

Prominent on the upswing were U.S. Steel, Bethlehem, Du Pont, Westinghouse, Chrysler, General Motors, U.S. Rubber, Great Northern, Chesapeake & Ohio, Loft, Electric Auto-Lite, Montgomery Ward, American Telephone, Kennecott, Union Carbide, National Cash Register, Texas Corp., Johns-Manville, Eastman Kodak and General Electric.

United States Government bonds slumped sharply down again today, in decline averaging almost half a point, while corporate loans steadied in sympathy with stocks.

The decline in Treasuries was matched by most leading foreign government issues with the notable exception of German and Italian. These last registered gains of as much as 3 points, while Polish securities declined on a like average.

The Associated Press average of foreign bonds reached its lowest point since May 20, 1933.

MIXED TREND IN WHEAT FUTURES

WINNIPEG, Aug. 22 (CP).—Wheat futures prices displayed both gains and losses when the final bell closed operations on the Winnipeg Grain Exchange today. Values opened steadily, weakened more than 40¢ on profit-taking and firmness in stocks and securities, and then rallied near the finish to erase some of the losses.

Closing quotations were 3-4 cent down 1-1/2 on October 15-18, 1939.

November 3-4, December 3-1/2 and May 5-1/2.

Export sales of Canadian wheat, total 400,000 bushels. In addition, four local sales for both export and domestic account were reported.

Liverpool values jumped 1-1/2 to 7-8-1/2. Chicago lost 5-8 to 11-1/2 cents, and Buenos Aires held unchanged.

Pit trend in coarse grains uncovered a little malaise and export interest in barley as well as southern support of rye. Cash wheat activities lagged.

PRICES FIRM IN TORONTO MARKET

TORONTO, Aug. 22 (CP).—The stock market took a hopeful view today of the political developments in Europe, and following an opening sell-off, prices in the market division firmed slowly throughout the session, to give the gold a net gain of 50 in the index at the close. Base metals shares recovered to a net loss of only 93 and the industrials were down only 39 at the finish.

A half dozen gold issues accounted for a big proportion of the aggregate turnover. The group included Anson, East Malartic, Kerr-Addison, Preston and Stadacona, and these traded 75,000 to 26,000 shares and were unchanged to narrowly higher at the close.

Nickel responded to New York's improved tone by posting a small gain, but Noranda met with light buying support and it closed down 1-1/4.

Steels took a downward course and moderate losses predominated in the good utility and building groups. B.C. Packers was down 1-1/4.

Trading in Home Oil totaled 11,000 shares and the day's low was 1.51. The close at 1.65 was down 3 cents.

The close was up 5 cents for Calgary & Edmonton.

**MAINLAND GROUP
INSPECTS PLANT**

Section of Vancouver Board of
Trade Visits Baco Plant
Establishment Here

Twenty-five members of the ad-
vertising and sales bureau of the
Vancouver Board of Trade visited
Victoria yesterday and were shown
through the British American Paint
Company plant.

The trip was their annual
visit to an outstanding
British Columbia industrial concern.
They were met on their arrival,
aboard an excursion steamer, by
officials of the Victoria Chamber of
Commerce and taken on a tour of
the paint manufacturing establish-
ment by J. C. Pendray and members
of his staff.

Members of the party were amazed
at the extent and efficiency of the
plant.

SEE ROOFING PLANT
A brief visit was also made to the
Sidney Roofing and Paper Company,
limited, but it is expected the group
will make this plant the scene of a
future excursion.

Leon Shelly conducted the party
in the absence of the chairman, Reg
Dagg, and extended the members'
thanks to Mr. Pendray and later
to the Chamber of Commerce. Adam
Smith Johnston spoke briefly in
seconding the vote of thanks.

Harold E. Gordon, assistant secre-
tary of the harbor board of New
Westminster, was with the party.
Prior to the members' departure
for Vancouver, at 6 p.m., Duncan
MacBride, president of the Victoria
chamber, replied, stating it had been
a pleasure to have had the party in
this city.

"Thirty-eight, did you say? Then
she carries her years badly." Then
she does. She is always drop-
ping a few."

One of the greatest handicaps to
a woman in her business or social
life is that most distressing of dis-
figurements—superfluous hair—be-
cause it inevitably creates a feeling
of inferiority; it detracts from her
self-confidence, her poise, it is a
cloud shadowing her whole life.
Happily there is a cure—absolute
and positive—endorsed by the medi-
cal profession all over the world.

City and District

Here on Business—E. A. Cleveland,
chief commissioner of the Greater
Vancouver water district, was in the
city yesterday on business connected
with his office.

Mayor Invited—The Victoria
Baseball Association has invited
Mayor Andrew McGavin to attend
its first annual picnic at
Beaver Lake on Sunday, and make
a presentation of the McGavin Cup
to the winners, the Eagles Baseball
Club.

Tour Parties Here—Spending
the afternoon and evening here yester-
day, two large touring parties, the
Marnell group of seventy-six per-
sons and the Burckett tour of seven-
ty-five persons, arrived at 12:30 p.m.
from Seattle and left for Vancouver
at midnight.

Will Co-operate—The B.C. Coast
Steamship Service has advised the
City Hall that it will co-operate in
keeping harbor waters free from
refuse, and will again remind those
concerned that dumping of refuse
from vessels while in harbor is for-
bidden.

Noted Cleric Here—Rev. Dr. Ran-
dolph Ray, rector of New York City's
Little Church Around the Corner,
in the midst of Manhattan's thea-
trical district, has arrived here on a
visit with his daughter Katrina,
after a cruise to Alaska and a tour
of the Canadian Rockies. They will
holiday for some days at the Em-
press Hotel before returning to New
York, where Dr. Ray has officiated
since 1923.

Ask Reconsideration—Reconsider-
ation of provincial fire marshal
regulations requiring the presence
of two licensed projectionists in film
theatres of a certain class was asked
of the British Columbia Government
yesterday by a group representing
independent theatres in suburban
areas. The delegation met Al-
tonay General Wismer and Premier
Patullo, asking for a redrafting of
the existing regulations. No imme-
diate decision was made.

Egg Advance—A two-cent ad-
vance on all Grade "A" large and
medium eggs was reported yesterday
by William Hagger, Dominion egg

Inspector. The price on pullet eggs
remained unchanged. The new
prices effective today are: To the
producer, Grade "A" large, 28 cents;
Grade "A" medium, 26 cents, and
Grade "A" pullet, 20 cents. To city
wholesaler, Grade "A" large, 32
cents; Grade "A" medium, 30 cents,
and Grade "A" pullet, 24 cents.

Railroad Man Here—One of the
leading railroad men of the United
States, Harry E. Byram, board chair-
man of the Chicago, Milwaukee &
St. Paul Railroad, is visiting at the
Empress Hotel, with Mrs. Byram.
Mr. Byram acted as a callboy at the
age of sixteen and progressed
through every phase of railway ex-
perience until he attained the presi-
dential chair, retiring from that
position a year or two ago to be-
come chairman of the board. Mr.
Byram, who visited here a year ago,
makes his home at Westport, Con-
necticut.

Cooler Weather Forecast—Fresh
to strong southwesterly winds pre-
dicted for today are expected to
cause a drop in the temperature in
Victoria, which for the past two
weeks has been fairly high. The
temperature yesterday, as recorded
at the Dominion Meteorological ob-
servatory on Gonzales Hill, was 73
degrees, the same as the previous
day, and at Victoria College the
thermometer registered 76 degrees.
The weather forecast for today is
"fresh to strong southwesterly
winds; partly cloudy, and somewhat
cooler."

Request Extension—A request for
a further extension of time to secure
meter equipment from abroad has
been made to the police commission
by taxi operators, this setting back
the date when increased taxi fares
will go into operation in the city.
A request for an increased scale of
charges, was granted by the city
earlier in the year on condition that
approved meters would be installed
in cabs, and the provisions of the
by-law making the change were due
to be effective on July 1, being post-
poned until August 15 to allow the
necessary meters to be obtained.

Mayor Andrew McGavin said yester-
day that the new extension, asked
for until September 15, would prob-
ably be allowed.

Smoke blanketed this southern in-

Little Stories for Bedtime

Whitefoot Has a Daring Thought
By THORNTON W. BURGESS

The ground was covered with pine
needles all about the place where
Whitefoot had been talking to Bus-
ter Bear. Now, you know pine nee-
dles make a very soft and comfort-
able bed. Buster Bear's paw
ached. He didn't feel like going on
further just then. He felt a whole
lot more like lying down, and so he
did just that very thing. He flung
himself down right close to the
little hole under the root of a tree
in which Whitefoot the Wood
Mouse had disappeared.

Now Buster Bear had many times
tried to catch Whitefoot. Some-
times when he had nothing else to
do he had watched, as he was
watching now, a little hole in which
Whitefoot had disappeared. He had
watched hoping that Whitefoot
would come out and be caught. Now
as he lay there looking at that little
hole from which Whitefoot's bright
little eyes had snapped at him so
short a time before, Buster was
actually hoping that Whitefoot
would come out, not that he might
furnish Buster with a bite to eat,
but that he might talk to Buster
some more. You see, Whitefoot was
the very first person in all the
Green Forest who had been sorry
for Buster. Anyway, he was the
first who had said so. Those words
of sympathy were very pleasant to
Buster Bear.

But timid little Whitefoot, fright-
ened by his own boldness in hid-
ing in Buster Bear, remained hid-
den for a long time. He didn't
even dare poke his head out to see
what had become of Buster. After
a while Buster grew sleepy. Yes, sir,
that is just what happened. You
see, that bed of soft pine needles
was so very comfortable and the day
was so very warm that almost with-
out knowing it Buster slipped away
into dreamland.

Now Buster was lying stretched
out on his side and the sore paw
lay right in front of the hole under
the root where Whitefoot was. By
and by Whitefoot made up his mind
that Buster Bear must have gone
on long before. He crept up toward
the little round doorway. As he

drew near he heard sounds that
made him stop short and then run
back a little way. You know how
very timid Whitefoot is. Presently
he stole up his hallway once more.
This time when he heard the queer
sounds he didn't run. He stopped
and listened. Then something al-
most like a grin crept over White-
foot's sharp little face. Such sounds
as those could only be made by
someone who was fast asleep.

When Whitefoot reached the en-
trance and looked out, there, right
in front of him, lay Buster Bear
fast asleep. At first, Whitefoot was
tempted to slip out and run away
to another of his hiding places.

Then his sharp little eyes saw al-
most in front of his very nose Bus-
ter Bear's sore foot with the end of
Prickly Porky's little spear just
showing in the middle of the sore
place. A daring thought popped
into Whitefoot's head. It was such
a daring thought that it actually
made him jump with fright. What
was it? It was this: What was a
chance for him to pull that little
spear out of Buster's foot. Do you
wonder that such a thought fright-
ened him? I don't.

VICTORIA XI WINS MATCH

Defeats Up-Islanders, 167
To 116, in Exhi-
tion Game

A Victoria Wednesday League
cricket team, captained by Percy
Shrimpton, defeated an Up-Island
even at Duncan at the week-end
by a margin of fifty-one runs. Final
scores were: Victoria 167; Up-Island
116.

Victoria batted first, and after los-
ing their first three wickets for
twenty-seven runs, had the nice
total of 167. Credit for this score
goes to the two Victoria juniors,
Brown and Hugh Wilkinson, who
tallied 107 runs between them, the
latter having seven fours in his fine
effort.

The Up-Island side never really
got started and were all out for 116
runs in an hour and a half's bat-
ting. Bennett and Crier added
twenty-five runs for the sixth
wicket, and the veteran Corbishley
rattled up nineteen runs in a short
but lively innings.

D. V. Pail, who is leaving for
Hollywood with Major P. F. How-
den's eleven shortly, was the best
of the Up-Island bowlers, captur-
ing six wickets for forty-two runs.
Terry Peers led the Victoria trun-
ders with four wickets for fifteen
runs.

out any municipal guarantee.

The memorandum urged that the
figures submitted should be exam-
ined carefully to make sure that the
ratepayers would not eventually
have to meet the interest and prin-
cipal of the bonds.

EARLIER ENTERPRISES
"It must be remembered that
figures appearing sound were pro-
duced at the time when the grain
elevator, cold storage plant and
woolen mills bonds were floated,
and every one of them became a
charge on the city," the memoran-
dum pointed out.

Alderman Edward Williams, chair-
man of the special committee, said
it seemed clear that private capital
was not prepared to "take a chance"
on the arena proposal.

"Then why should the city?"
asked Mayor Andrew McGavin. He
declared that he was "all for" an
arena for the city, but added: "This
time we want the true picture given
to the taxpayers, to enable them to
vote intelligently. We want no
repetition of the grain elevator and
other city enterprises."

The mayor took the view that if
the city provided the land, tax free
for twenty years, and with conces-
sions in water rates, it would be
giving enough.

WOULD PAY ITS WAY
Mr. Winslow and other members
of the committee expressed con-
fidence that an arena would at least
pay its way, even if it did not at
first produce a profit.

It was agreed that when more
information was available, the
special committee should be called
together again, before the next
meeting of the City Council.

Present at the meeting were
Aldermen Williams, Mayor Mc-
Gavin, Alderman W. H. Davies, Mr.
Macdonald, Mr. Shaw, Mr. Winslow,
W. C. Moresby, K.C., Mr. Watkins
and E. H. Harris.

Proves Popular Summer Drink

Oranges are becoming an integral part of every housewife's menu. The health-giving qualities of orange juice as a refreshing drink, or oranges sliced as a delicious adjunct to the salad, are recognized more and more. This year the California Sunkist Valencia crop is running to small sizes, and these are especially adaptable for these purposes.

What Today Means
"VIRGO"
If August 23 is your birthday, the best hours for you on this date are from 9:45 to 11:45 a.m.; from 2:45 to 4:45 p.m.; and from 7:45 to 9:45 p.m. The danger periods are from 7:45 to 9:45 a.m.; from 5:45 to 7:45 p.m., and from 9:45 to 11:45 p.m.
If August 23 is your natal day you were born under the Zodiac sign Virgo. Thoughtful consideration for other people, modesty, and an unlimited amount of energy, are probably among your outstanding characteristics. You may possess more physical endurance than the average person would credit you with having. You must not harbor resentment, for it may be through your readiness to forget and forgive real or imaginary wrongs that your virtues will be recognized and your faults forgotten. You should be able to impress nearly everyone you meet most favorably, for you likely possess a pleasing personality. The chances are that you do not often lose your temper, but when you do the chances are you let off enough steam to suffice for some time. It takes a great deal to discourage you, and then generally optimism revives your hopes, and gives you renewed enthusiasm. Pink Jasper, a natural affinity, ought to be your lucky birthstone. Wednesdays should invariably be regarded as the most auspicious days for you to transact business. Married and engaged couples, and those who have revealed their love for some particular person, should remember a reddish yellow is apt to find favor in the eyes of August 23, Virgo.
If a woman, and August 23 is your birthday, your strong individuality may give you an air of distinction. You are probably deliberate in both thought and deed. Whatever you have occasion to investigate is apt to be thoroughly done. You perhaps have many ideals and you will try to live up to them in a very practical, commonsense manner. You ought to try to indulge in as many outdoor activities as possible. Through some original idea, teaching, writing, singing, acting, or the operating of a business, you might not only make a name for yourself, but a substantial amount of money. Your husband and yourself are likely to be so devoted to each other that you will unconsciously form a mutual admiration society of two.
The child born on August 23 will in all likelihood, be a nature lover and particularly fond of flowers and gardening. Through early experience this youngster's unknown may have prepared for itself a firm foundation for a successful future.
If a man, and August 23 is the anniversary of your birth, you may be fortunate enough to learn not to worry and to view things in a philosophical manner. Some of the best mediums of activity through which wealth and fame might come to you are contracting, building, shipbuilding, theatrical work, industrial sales, engineering, printing, publishing, medicine or law.

Many of the "end plays" in which a defender may find himself are caused by a lack of foresight on the part of his own partner.

Today's hand is taken from a recent duplicate game. In computing the score of two East players, we will discover why it is that certain players come out with "top scores" and others with average or less.

The bidding:
E 1♥ S 2♠ W 3♥ N 4♥
Double 2♥ Double 3♥
Double Pass Pass Pass

Obviously, the North-South bidding was over-vigorous.

East's double of two diamonds was not a penalty double. West had not yet been heard from and despite the fact that both North and South were bidding, East's double was of the take-out variety. When the opponents kept on going, West's double of spades and East's of clubs were, of course, for penalties.

At two tables, the bidding, the opening lead, the final contract, and the play up to the seventh trick were identical. West opened the heart eight. East put up the king, and promptly laid down the ace and nine of clubs. Declarer finessed on the second round, winning with

the ten, then drew East's club queen. The heart queen was then played out, and East won. At both tables, East now laid down the spade king and, curiously enough, both declarers permitted this to hold. But now, at the seventh trick the defence at the two tables diverged sharply. At one table, East, after holding the spade king, promptly laid down the spade queen. Declarer won and led his singleton diamond, and poor West was "hooked." He could not afford to pass the trick, hence had to win with the ace, but now the best he could do was lay down the spade jack, after which he had to concede the spade ten to declarer.

At the other table East, at the seventh trick, clearly foresaw the possibility that his own partner might be put into an "end-play" by holding the spade king. He carefully shifted to a diamond. He realized that, on the bidding, South had no more than one diamond. If that card were removed so that South could not use it as an exit West, on winning with the diamond ace, would have a safe retreat—low spades—to East's marked queen. That is the way it turned out. West won with the diamond ace and returned a low spade, East putting up the queen. Now declarer was helpless. He won and eventually had to concede two spade tricks to West's J-8. It would have done him no good to hold up on West's play of the queen since West would merely lead another spade.

At Table Number 1, where the three club contract had been defeated only 500 points, East-West did not get a good match-point score inasmuch as they could have bid and made a vulnerable three no trump contract. At Table Number 2 by defeating the three club contract 800 points East-West came out with top score.

BRITAIN SOUNDS GRAVE WARNING

reasons, but also as a safeguard against espionage.

Under it every person would be given an identity card, which would form the basis for wartime rationing schemes. So much preliminary work has been done on a national card index that it could be completed within two weeks.

A statement issued at No. 10 Downing Street after the Cabinet meeting said more men would be called up for the Army, Navy, Air Force and Civil Defence squads. No estimate was made, but a figure of 200,000 was mentioned in unofficial circles. This would give Great Britain a total defence force under training of nearly 1,000,000 men.

This announcement, made a few hours after France called up fresh reserves, was the reply of the Western Power to German troop concentrations along the Polish frontiers and the Reich's increased demands on Poland for Danzig, the Polish Corridor and Silesia.

NOT EXPECTING WAR

The British statement declared there was nothing in the present situation "which would justify the use of force involving a European war with all its tragic consequences."

The statement was broadcast in German in the hope it might make clear Britain's attitude to the German people.

Members of Parliament were summoned in a dramatic radio announcement of the Cabinet's decision.

Prime Minister Chamberlain was expected to make a detailed statement on the European situation in the House of Commons, which will meet Thursday afternoon at 2-45 p.m. British Summer time -15-45 a.m. P.S.T.

He indicated he would try to push the Emergency Defence Bill through both Houses in one day. Parliament, however, may meet only as long as the crisis continues.

Among the diplomats calling at the British Foreign Office during the day were the German and Italian Charges d'Affaires and the Japanese Ambassador.

No decisions were taken by Great

Britain or France regarding resumption of talks with Russia on the proposed tri-power mutual assistance pact. London and Paris were awaiting more detailed reports as to the nature of the German-Russian agreement.

The British and French military missions are remaining in Moscow, but they had no meeting with the Soviet representatives today.

Russian circles in London said the non-aggression pact would be no bar to continuation of British-French negotiations in Moscow.

RESERVISTS CALLED

PARIS, Aug. 22 (A.P.)—France called hundreds of thousands of reservists to the colors to match Germany's forces today and asked Moscow to explain its proposed non-aggression agreement with Germany.

Premier Edouard Daladier went from an hour-and-a-half Cabinet meeting to a conference with General Maurice Gamelin, who in the event of war would be commander of British and French land forces, in accordance with the Anglo-French alliance.

Gamelin, supreme commander of the nation's land, sea and air armies, was said to have told Daladier they were materially prepared for "any eventuality."

Number of reservists called was estimated in the neighborhood of 600,000. The Superior War Council met early in the day and was expected to meet again tomorrow.

After the Cabinet meeting, only a brief communique was issued, saying new instructions had been telegraphed "to French ambassadors abroad." A Cabinet council will meet with President Albert Lebrun on Thursday.

The French ambassador at Moscow asked that Russia explain to the French ally its proposed agreement with Germany.

POLAND PREPARED

WARSAW, Aug. 22 (A.P.)—Responsible Polish quarters emphasized tonight that Poland's policy toward Germany and Danzig "has not been changed in the slightest" by German-Soviet Russian non-aggression pact negotiations.

"There is no defeatism in Poland and this country is fully prepared to fulfill her responsibility as regards the protection of peace and justice in Eastern Europe," these sources asserted.

Foreign observers regarded the British independence guarantee to Poland now as facing a real test, in which formal signing of the guarantee would be greatly welcomed by the Warsaw Government.

Popular reaction was that Russia has now indicated clearly that she intends to stay out of a European war at least in its early stages.

Popular attention was attracted to the possible effects of Russian neutrality under a non-aggression treaty on the purchase by Poland of Soviet war supplies in case of need.

Importation of munitions and arms to Poland through Soviet Black Sea ports. It was pointed out, may be interfered with or shut off.

First Polish press comment was in the form of stinging attacks against both Russia and Germany, with

Polish anger apparent. Newspapers brought out into the open Poland's long-standing distrust and suspicion of Communist Russia.

"A regards duplicity of Soviet policy, we have never had any illusions," said the conservative newspaper Oza.

JAPANESE FEAR BREAK IN AXIS

Continued from Page 1

Tokio newspaper, reported "a full battle" began along the battle-scarred shores of the Khalka River on Monday. Domei Japanese news agency, said Japanese flyers shot down ninety-seven Soviet planes that day in repulsing four raids. Five Japanese planes were lost, the agency said.

The Soviet-German negotiations caused Premier Baron Kichiro Hirayama to confer with Foreign Minister Hachiro Arima, but no official action was forthcoming.

FACT WORTHLESS

Privately, however, some officials said they believed the anti-Comintern pact, in which Japan was leagued with Germany, Italy and other powers, was virtually worthless now. But they indicated it would not be broken off.

Observers expected that Japan might seek to patch up her differences with Britain and the United States over the conflict in China and move into closer relations with those two powers.

In authoritative quarters it was said Japanese officials were not completely surprised by the Soviet-German developments, as Germany had threatened some such move when Japan hesitated to join an alliance with the axis.

Dodgers Register Another Win Over Second Place Club

Brooklyn Beats St. Louis Cardinals, 8-5, in National League—Lowly Phillies Blank Cincy Reds, 4-0—Yanks Hit Five Homers to Beat Chicago—Boston Red Sox in Triumph

By The Canadian Press
Scoring seven runs in the first four frames, Dodgers strangled St. Louis Cardinals' pennant hopes again yesterday with an 8-5 National League baseball victory. Besides losing their second straight game, St. Louis also probably lost their star infielder, Jimmy Brown, who was knocked unconscious by a collision with a teammate, Johnny Mize, in the seventh inning, and was taken to hospital for an examination. Mize finished the game, but also went to hospital for an inspection.

The Phillies scored their second victory in eighteen starts with Cincinnati Reds, defeating the National League leaders, 4-0, behind the brilliant five-hit pitching of Kirby Higley. However, Reds maintained their four and one-half game lead over Cardinals as St. Louis lost to Brooklyn.

Lefty Cliff Melton notched his third straight victory, and his ninth of the season, with an eight-hit 4-2 job against Chicago Cubs. He held Bruins scoreless until the eighth inning, when three singles and a sacrifice fly scored all their runs.

PIRATES WAKE UP
Pittsburgh Pirates hopped on the offerings of the Bees' Lou Pette in the first inning for four runs, and went on to win 8-2. Looking nothing like a club that Sunday lost its twelfth straight game for its season's National League baseball record, the Buccaneers banded three Boston pitchers for fourteen hits.

Philadelphia Athletics presented Tommy Bridges with his seventh sixteenth victory, as Detroit Tigers won their American League series opener, 9-4. Wild throws and bobbles, six in all, flared in Tigers' first eight runs, making it easy for Bridges although he allowed twelve hits compared to Detroit's nine. Charley Gehring, out for weeks with a charley horse, returned and celebrated with a home run and a double.

Denny Galehouse had a three-hit shutout chalked up for the Red Sox until George McQuinn's ninth inning homer set off a three-run rally for the St. Louis Browns to bring the final count to 10 to 3. Two singles and a pinch double accounted for the rest of the Browns' runs. The Sox drove Bill Trotter from the box in the first inning with three singles and a home run by Jimmy Fox, his thirty-third of the season. Joe Cronin's men continued their attack on Red Sox pitcher Bob Harris, featuring Ted Williams' homer in the fourth with two men on.

FIVE HOME RUNS
The New York Yankees snapped Chicago's seven-game winning streak in another night game, bombarding three White Sox pitchers for fourteen hits, including five home runs, for a 14-5 victory in the losers' third home night game of the season.

The Indians drove Southpaw Kendall Chase from the hill in the midst of a six-run uprising in the sixth inning in a night fixture at Cleveland, and defeated the Washington Nationals, 6-4, giving Peller his eighteenth victory of the season.

New League to Include Local Football Squad

VANCOUVER, Aug. 22 (CP).—Possibility of a new soccer league being formed to include a Victoria team as well as four Vancouver squads was seen today, following the disbanding of the Mainland Soccer League here.

Club representatives from St. Saviours, North Shore United, St. Andrews and Rivalda, at the league's annual meeting here last night, voted in favor of dissolving the league, while New Westminster Royals and Vancouver United voted against it.

The four teams voting in favor of ending the league are expected to meet here again in a few days to consider formation of another loop, which might include a strong all-star Victoria squad.

Final Test Game Ends In Draw at Kennington
England Declares Its Second Innings and Match With West Indies Finishes in Deadlock—Hutton and Hammond in Brilliant Stand

LONDON, Aug. 23 (CP).—Five years ago Ralph Grant was on the West Indies test cricket team skipped by his brother, George, that won the "rubber" against England. It was the only series victory taken by West Indies cricketers from the Mother Country.

When the West Indian team was chosen for its invasion of England this year, Ralph was appointed captain. He failed to duplicate his brother's feat as the Englishmen won the series just concluded.

The first game played at Lord's ended in an eight-wicket victory for England. The second and third tests were drawn.

The tourists held an advantage over their formidable rivals in the first two days of the final game, scoring a first-innings total of 498 runs against the Englishmen's opening innings count of 352. England, however, seemed on the way to victory on Tuesday when Leonard Hutton and W. H. Hammond, captain, broke a third-wicket test partnership.

The young Yorkshire star, whose 364-run stand against Australia last year topped all test records, and Hammond registered a partnership score of 264 runs, two runs better than the previous high third-wicket score set by Hammond and D. R. Jardine against Australia in 1929.

Hammond, who deserted professional ranks late in 1937 after fifteen years, scored 102 runs in 155 minutes and was bowled by Clarke for 138. Hutton's score included twenty-one 4s. Hutton was still at the wickets at the close with a score of 165.

It was announced after the match that England declared its innings without leaving time for the West Indians to go to bat.

Pitzer & Nex Will Meet A's Tonight At Athletic Park

IN need of a victory to stay in the running for the city championship series and the Rithet Cup, Manager Tommy Restall's Athletics will oppose Pitzer & Nex ball tossers this evening at Royal Athletic Park. The game is scheduled for 6 o'clock. Gasmen eked out a 6-5 decision on Monday evening to widen their lead over the first-place A's to two games, and will gain possession of the silverware and the pennant if they win tonight's crucial battle. Louis Leonard, pincer pitcher, will hurl for Pitzer & Nex, and will probably be opposed by Sonny Walker, husky righthander. If the Athletics take the Gasmen this evening the clubs will play again Friday evening at the Caledonia Avenue ball lot.

PANDOMINT TOPS FIELD

Finishes Half a Length in Front in Feature at Brighouse Park

VANCOUVER, Aug. 22 (CP).—A driving finish featured the sixth race at Brighouse Park today when Pandomint captured the \$500 purse event by a half-length victory over Dick Choice, second, and Soaring Witch, third.

Pandomint paid \$6.25, \$3.80 and \$2.85 for a \$2 pari-mutuel bet. Dick Choice, a fourteen-to-one shot, returned \$8.50 to place and \$4.85 to show, while Soaring Witch was worth \$6.45.

Dr. Pook, a public choice, led from wire to wire in the first event to win by three lengths over Doctor Larry. With Barry, third, Dr. Pook combined with the winner of the second race, Lady Gold, was worth \$23.20 for a daily double bet.

GIVEN FIVE ROUNDS ON FOUL PUNCHING TO BEAT ARMSTRONG

Herkimer Boxer Awarded Crown in Vicious Fight When Colored Champion Failed to Keep Blow Above Belt—Nearly 30,000 Attend—Contracts Signed for a Third Fight in Fall

Associated Press Sports Writer
YANKEESTADIUM NEW YORK, Aug. 22 (AP).—The world lightweight championship passed back to swinging Lou Ambers tonight, but only because little, perpetual motion Henry Armstrong was penalized five rounds by Referee Arthur Donovan for foul punching.

If it hadn't been for those five heats, which provoked a howl of outraged protest from Armstrong's corner, Hammerin' Henry would have won—and retained the title—in a walk.

The little negro, who skyrocketed out of St. Louis, by way of Los Angeles, three years ago to win the lightweight, welterweight and featherweight championships, and hold them simultaneously, forced the fighting all the way. He never stopped coming forward, despite the storm of left uppercuts and hooks showered on him by the Herkimer Hurricane from Upsilon New York.

All in all, therefore, there was nothing conclusive about the fight, except that everything is all set now for a third meeting between the pair. They tangled the first time a year ago and the Hammer dethroned the square-jawed little Italian.

But tonight's victory, because the first fighter in ring history to win back the 135-pound crown.

CONTRACTS SIGNED
Contracts for the third fight already have been signed. This one puts Henry's welterweight title on the line some time this fall, and was contingent on Ambers' winning tonight. A crowd of 29,088 contributed to a gross gate of \$137,925.77. The net was \$116,396.85.

Although Referee Donovan and one of the judges, Francis Fulton, who is ordinarily a referee, were agreed in their voting, with seven heats for Armstrong and eight for Ambers, the other judge, Jack Healey, gave Lou a lop-sided margin of eleven rounds to three, with one even.

The Associated Press card had nine rounds for the new champion, and six for Henry, but five of these were taken away by foul, in only one of which Ambers showed a clear margin, regardless of the low punching.

Armstrong started slowly, but by the time the third and fourth heats came along he was in high gear and really on the move. The rest of the way he pushed Ambers back as he charged, charged and charged some more.

RIGHT EYE OUT
His right eye was cut in the third, but no one seemed sure whether it was from a punch or from a clash between the heads of the two fighters.

Ambers came out of a maelstrom in the fourth with a cut left eye, and he slipped to the floor, apparently after stepping into water in his own corner, but he was up with no count. There were no knockdowns, but Ambers was on the verge of receiving one in the fourth round. Armstrong spotted an opening midway of this heat, and before Lou could raise his hands to cover up, he clubbed the challenger with every punch in the book. For a minute, Ambers didn't know whether he was standing against the ropes or strolling in the park.

BETRAYED
The angler was relating a fishing story to his neighbors. "Yes," he said proudly, "I caught the biggest fish of my career last night. It was a bass, and weighed seven pounds two ounces."

His small son, who had been listening, chirped, "Daddy, and Daddy was so kind, he gave it to my kitchen."

"Do you not think my evening dress is very novel, professor?" "Nothing new in it for me. I lived for six years amongst savages."

New Method Nine Beats Stevedores In Final Fixture

Bert Simpson's Club Noses Out Longshoremen, 8-7, to Gain Lower Island Softball Honors Before Larger Crowd—To Meet Ladymith Tomorrow—Byers Winning Pitcher

Manager Bert Simpson's New Method Laundry softballers are senior "A" Lower Island champions today. They won the honors in a hard way last night at Royal Athletic Park, when they came from behind to defeat the Victoria Longshoremen, "A" section titleholders, 8-7, in a game that provided more thrills than your favorite drama at the Little Theatre performance.

Tomorrow evening at the Galedonia Avenue ball lot, New Method Laundry will open their bid for Vancouver Island supremacy, when they stack up against Ladymith in the first game of the best-of-three series for the championship. The second fixture will be played Up-Island on Sunday, with a third game here on Tuesday, August 29, if necessary. Tomorrow's battle will commence at 5:45 o'clock. Dates for the series were announced by Ernie Oliver, president of the provincial body.

BIG ATTENDANCE
Considerable credit for last night's triumph must go to husky Ray Byers, laundrymen's hurler, who received quite an ovation from a record-breaking crowd at the end of the game. Hard-hit in the very first inning, Byers settled down and pitched winning ball in the next seven frames, holding the stevedores to two base blows. In the last inning Longshoremen got to him for another pair of hits, and loose fielding by his clubmates allowed two runs to cross the plate, leaving the freight jugglers just one run short of the laundrymen's total.

Longshoremen opened by hammering out four safeties and driving three runs across the plate in the first inning, and it looked as if Byers was going to get a rough reception. And then, as if by magic, the big, bushy-haired pitcher literally handcuffed the stevedores' heavy hitters and held them in check for seven full frames.

In the meantime New Method Laundry hitters had not been sleeping, not by a long way. They poked out three safeties in the second frame for a pair of markers, and then continued their attack on the portside slants of Ralph Bonner, opposing flinger, and finally drove him to the showers in the next canto. Bonner gave up six hits and five runs in two innings.

Roy McMillan, who covered himself with glory last season as a member of the Cameron Lumber nine, followed Bonner to the slab. His reception was anything but friendly, with the fighting New Method Laundry softballers really playing bang-up ball. McMillan was nicked for nine base blows and three runners crossed the plate during his sojourn on the slab.

Stevedores pulled off the only double killing of the evening, but at other stages looked as if they were rushing the football season, judging by the way they were kicking the ball around.

Once they were in front the laundrymen were hard to stop. They demonstrated plenty of faith, and after the early innings looked the better club. Stevedores, on the other hand, tried to hit home-run balls once they got behind, and more often than not cut at the cool evening breeze that floated over Royal AN-

letic Park. Byers sent six batters back to the dugout via the strikeout route.

Longshoremen 300 001 003—7 8 8
New Method 023 012 008—8 15 4

BIRDIE GIVES CANADIAN WIN

Miss Mollwraith Triumphs At Twentieth in U.S. National Golf

DARLEN, Conn., Aug. 22 (CP)—By firing a birdie three on the second extra hole, Miss H. Douglas Mollwraith, of Hamilton, Ont., today survived the first round of match play in the forty-third United States women's golf championship at the Wee Burn Club.

That birdie three gave the sole Canadian survivor in the tourney a one-up victory on the twentieth hole over Peggy Ann Delahant, of Albany, N.Y.

Mrs. Glenna Collett Vare was beaten, two up, by young Marion Brown, Middle Atlantic champion from Norbeck, Md. Mrs. Vare had been made one of the favorites. To the sidelines with her went fifteen-year-old Jeanne Cline, of Bloomington, Ill., who lost out at three and one against Maureen Creutz, former Metropolitan champion from Haworth, N.J.

Ben Barrett, of Minneapolis, who set a medal record with her 74, had the flutters; Pam Barton, the British champion, couldn't putt and Mrs. Estelle Lawson Page, 1937 champion from Greensboro, N.C., was bothered by the heat. Yet all of them won. Miss Barrett, by five and three over Mrs. F. J. Holleran, of Greenwich, Conn.; Miss Barton, by four and two over Mary E. Fine, of Scranton, Pa., and Mrs. Page, by four and two from Margaret Maddox, of Atlanta.

ALERTS RALLY AND WIN GAME

Come From Behind to Nose Out Conservatives, 21-20, In Lacrosse Thriller

Firing home ten goals in a last-quarter rally that left even the Conservatives wondering just what it was all about, Manager Harry Sargison's Alerts stick-handlers last night finished on the right end of a 21-20 score in a senior boys game played at the Victoria Sports Centre.

Known for their final-period outbursts, servicemen really came from behind to win over Coach Gus Munroe's proteges in one of the most exciting exhibitions of the quitted stick pastime witnessed at the Willows this season.

There was little to choose between the two clubs in the first two quarters, and when the half-time interval arrived, a lone goal divided the squads. Conservatives being on the right end of an 11-10 score. In the next stanza the eventual losers had the jump on the Alerts and fired home five goals, while McDonald bagged the servicemen's lone tally.

QUICK TALLIES
Things started to happen in the last quarter, with the Alerts, battling like Trojans, finally getting the upper hand. They were never outclassed in the earlier play, but erratic shooting and passing left them behind from a scoring standpoint. However, when they started to hit their stride five minutes before the end of the game, the Conservatives were unable to stop them. Goals came quick and fast, Alerts gaining a four-goal margin, only to have the losers slice it to a single tally just before the final horn.

Score by quarters:

With Gordon Cooper polling out a homer in the last inning with one man on, Victoria West eked out a 7-6 triumph over Oak Bay Glants at Victoria West. The second game will be played this evening on the same grounds.

"Mummy," said Bobby, "if a poor, hungry boy came to the back door and asked for something to eat, would you give him that piece of tart that was left over from dinner?" "Why, of course I would in a minute," said the mother. "Good!" said Bobby. "Just wait, till I go round to the back door!"

SPECIAL SHOWING IS ARRANGED FOR THE COMING WEEK

Packard, British Austin "8" and International Trucks Presented in a Line That Offers Everything in Transportation—Showrooms Will Be Open Evenings

EVERY motorist, be he a prospective purchaser or not, is interested in the arrival of a new car. The presentation of three complete lines, filling every need for transportation in the automotive field, may well be termed news.

Introducing the 1940 models of Packard, British Austin and displaying the International Truck, Thomas Plimley, Limited, have declared a special automobile show week in their showrooms at 1010 Yates Street, commencing today. The public is welcome at all times, but in this instance a special invitation is issued to see these famous lines, which have just arrived in Victoria. It is planned to keep the doors open every evening in order that those who cannot visit the showrooms in the daytime can stop in on the way to picture show or other engagement.

This display is one which embraces every transportation need, from the man who is looking for the ideal car for the utmost in economy to those in search of the finest in quality. The commercial operator or farmer is catered to with everything from the small pick-up job to the heavy duty unit.

First on display is the aristocratic Packard, in a series that includes

the "One-Ten," a value leader in the medium-price field, and the "One Eighty," an ultra luxurious car that is in the top flight as regards power, beauty, comfort and superlative finish. Between these two come the "One-Twenty" and the "One-Sixty," which are intermediaries in a line which has not deviated one iota from the rigid standards of quality for which Packard has been known for a quarter of a century.

NEW AUSTIN "8"

Small-car operation has taken a new meaning with the presentation of the new British Austin "8," the newest addition to a line which has pioneered in the market for British cars in Canada. The current trend to streamlining is apparent in the graceful lines, and the designers have achieved perfect proportion with the maximum of roominess. The extra power makes just "that much difference" in get-away and cruising speed, while at the same time the amazing economy for which

HORACE PLIMLEY

MANAGING director of Thomas Plimley, Ltd., issues a cordial invitation to the public to visit the firm's showrooms and see the new models of Packard, International Trucks and British Austin.

Austin is known to retain in operating and maintenance cost.

INTERNATIONAL

The new International Truck, be it a compact half-ton delivery or a mammoth "cab-over-engine" model, has maintained in this new line all the features of rugged dependability in a series that conform to the latest ideas of smart styling and distinctive appearance. Built for trucking, the problems of the operator are foreseen and met in the construction of these commercial units, and extreme economy in operation is a salient feature.

NEW PACKARD HAS MODERN APPEARANCE

Body and Radiator Shows Trend to Streamlining—Many Improvements

The 1940 Packard, now displayed by Thomas Plimley, Limited, has undergone several radical changes in design, big gains in power to weight ratio have been made, performance and operating economy have been vastly improved and added comfort is to be found.

Four different lines of cars are now offered. They are the "One-Ten," the "One-Twenty," the "One-Fifty" and the "One-Eighty." The two former are, as before, the two lower priced lines, the first with a big 100-horsepower six-cylinder engine, and the second with a eight-cylinder engine of 120-horsepower. Both are big, roomy, luxurious appointed cars with a long list of refinements and improvements over their predecessors, the well-known six and eight.

NEW CARS
The One-Sixty and the One-Eighty are completely new cars, taking the place of the Packard super-eight and twelve. Both are powered by a 160-horsepower engine. Wheelbase runs from 127 to 148 inches in the seven-passenger sedans and limousines.

Throughout the Packard line, the new radiator and hood lines have provided a new smartness and modernity. Changed as the lines are, however, they are instantly recognizable as a Packard. Stylists of the company have proved conclusively that the lines that have been

so characteristic of the famous car lend themselves well to the modern trend.

RIDING COMFORT
Mechanical features of all lines have undergone great improvements, which add much to the riding comfort and trouble-free service. Important among these are the Safe-T-Flex spring suspension, insulating the body against road shocks and the econo-drive which greatly reduces the engine revolutions per mile with resultant lessened engine wear.

Gear shift levers are conveniently mounted on the steering column just below the wheel. Powerful hydraulic brakes have an easy action that adds much to safety. Headlamps are of the new sealed beam type.

ISLAND FAIRS IN BUSY YEAR

August and September Will See Round of Exhibitions On Vancouver Island

Eleven fairs will be held in Vancouver and Gulf Island communities during the next few weeks, extending well into September, according to a list made public yesterday by William J. Bonavia, secretary of the British Columbia Fairs Association. Victoria's fair will open on September 9 this year, continuing until September 16. Other fixtures were stated as follows:

Pulford Harbor, August 30; Cobble Hill, September 7; Lasqueti Island, September 12; Courtenay, September 5 and 6; Coombs, September 13 and 14; Ladysmith, September 20 and 21; Saanich, September 23; Duncan, September 22 and 23.

Lower Mainland, Okanagan, Kootenay and Central British Columbia circuits will hold forty fairs, mostly in August and September.

Main exhibitions include: Vancouver, August 28 to September 4; Victoria, September 9 to 16; Armatron, September 11 to 14; Chilliwack, September 19 to 21; and Kamloops, September 6 to 7.

CAPITOL STARS POPULAR ACTOR
Robert Donat Has Leading Role in "Good-Bye, Mr. Chips." Opening Here Today

One of the most popular actors of the screen and one of the most popular novelists in recent literature are combined in "Good-Bye, Mr. Chips." James Hilton's haunting story in which Robert Donat, fresh from his triumph in "The Citadel," returns to the screen. The pictures filmed at Metro-Goldwyn-Mayer's English studio at Denham, will open at the Capitol Theatre today.

"Good-Bye, Mr. Chips" tells a story of idealism, romance, tragedy and deep understanding. Donat plays Mr. Chips, who starts as a young man teaching in a great English school for boys, and passes his life at the work.

RITZ BOYS CAST AS DETECTIVES
The Ritz Brothers in "The Gorilla" Present Comic Brothers in Fun Role With Strong Supporting Cast

Picture the Ritz Brothers as three detective detectives who start behind the eight-ball—and work backwards!

That's the situation in "The Gorilla," the 20th Century-Fox fun-and-fight film which will open today at the Ritz Theatre.

Anita Louise, Patsy Kelly, Lionel Atwill, Bela Lugosi, Joseph Calleia, Edward Norris and Wally Vernon are featured in the supporting cast of this Rian James-Sid Silvers screen play, based on the play by Ralph Spencer.

PLAZA While other members of the company were seeking what shade they could find, Victor McLaglen was taking sun baths when on desert looking making "The Lost Patrol." Theatre. He acquired the sun habit while campaigning on the Mesopotamian desert during the Great War.

COLUMBIA Among the many theatre people selected for the cast of "Kentucky," the production in Technicolor, which will close tonight at the Capitol Theatre.

ALEXANDER KORDA presents
FOUR FEATHERS
IN TECHNICOLOR

One of the greatest difficulties encountered by Zoltan Korda while filming "Four Feathers" the Alexander Korda Technicolor feature which will open at the Plaza Theatre on Monday, was in keeping the stage and background clear of spectators. When the film-makers were certain they had hidden every mule, every camel and every unneeded native and had given the signal to "roll 'em," at least fifteen heads would pop up from behind a rock. Also, a casual native would appear from nowhere and stroll carelessly across the front of the camera.
